STRUCK OIL IN
BOWIE FIELD

Petroleum Struck At Depth of 185
Feet In New Cochise County
Oil District

OTHER WELLS STARTED AND ALL HOPEFUL

The following communication signed
by A. C. Ward, has been received
from Bowie:

"Here is some news from the Bowie
oil fields. Eight miles north of Bowie
Mr. Mack Freeman while boring,
struck the real thing at 185 feet. Oil

flowed out of said hole, mixed with
the drillings. Mr. Freeman plugged
the hole for the purpose of getting the
rest of his ground proven on so he
could hold same. Now he has all of
his holdings carefully located so that
they cannot be jumped, hence he gives
the news to the Bowie people. If he
had given the news out before, there
surely would have been a rush for
land. There is another well here,
that is down 1050 and the indications
are very favorable for oil. Owners
are not saying much, only working
and sawing wood. Will be able to
give some more news soon. We have
had a few oil experts here that claim
the oil can be had by going after it."

HOW
THINGS ARE
CHANGEDCivilization of Arizona
Indians Has Wrought
Wonderful Change

Notwithstanding the rigid quaran-
tine kept on the reservation by the
agency officials the measles has broken
out among the Yuma Indians. The
Yuma Sun says that a child in the
family of an Indian called Fain was
the first to take the disease and as a
consequence has made himself very
much disliked with his people. Had
this occurred fifteen or twenty years
ago a committee would have waited
on Fain with a butcher knife or an
axe, but in the present condition of
Yuma civilization all the ill he will
suffer will be some tall "Injun cuss-
ing."

Hens lay more eggs if they have a

Tells of Arizona
Artesian Belt

HAS HOLDINGS THERE

Many Settlers Coming
and Artesian Water
Is Pientiful

Captain John A. Duncan, among
the recent arrivals in the city from St.
Joseph, Mo., and will be here for
several days in business matters. Mr.
Duncan is the father of L. Grant
Duncan who recently encountered the
large artesian flow in the San Simon
valley at a depth of 4400 to 5000 feet.
In speaking of the flow, the Captain
stated that the well was down at
the rate of 1.5 gallons per minute and
gives every indication of increasing
and becoming permanent.

Many settlers are now coming into

the San Simon valley daily and mak-
ing desert land entries besides putting
up dwelling houses and erecting wire
fences.

Captain Duncan is a well known
capitalist of Missouri and it is his in-
tention to place a large tract of land
under irrigation in the valley for ag-
ricultural purposes, and it will be but
a matter of short time before a thriv-
ing community will have effected a
complete transformation and the big
valley made to bloom like the rose.

The Captain is not a stranger in
these parts, having extensive mining
holdings in the Paradise mining dis-
trict, being heavily interested in the
Chiricahua Development company. He
has during the past several years
spent over \$150,000 in developing his
various properties in that district.

Attorney D. L. Cunningham and
wife last evening celebrated their
wedding, having been married for
seven years. Their many friends
join in extending congratulations.

Miss Lizzie Critchley is in Tomb-
stone from Babec and will be here
for a fortnight on a visit as the guest
of her sister, Mrs. George Rafferty.

H. A. Hamilton, the badge fight
expert, representing the mercantile
house of James A. Dick of El Paso, is
in Tombstone today on a business
trip.

Lawrence Woolery came up from
his ranch at Land Station this morn-
ing on a brief visit. He is now devot-
ing his time to his ranch, having
arranged matters with his brother,
Attorney Lee Woolery, to look after
his real estate business in this city.

The Blue Lodge Masons meet this
evening in the Masonic Hall.

Carefully Condensed for The
Prospector Readers

An Eucalyptus farm is being start-
ed near Dewey, 14 miles east of Pre-
cott; 12,000 trees will be started this
year.

There is a lull in insurrecto activity
in Nogales. There are numerous
rumors of fighting in the interior of
Sonora, but no confirmation of the
reports can be had.

The civics department of the Phoe-
nix Woman's Club has taken up tem-
porarily the burden of cleaning the
city and has directed a campaign of
which Mrs. B. A. Fowler will be in
charge. Streets, alleys and vacant
lots will be cleaned, the city authori-
ties having agreed to co-operate in
the work to the extent of the public
funds available for the purpose.

Between 150 and 200 men are now
engaged in rebuilding the Tucson-
Nogales railroad from Tucson to
Hart's Well. One crew is at work
nine miles south of Tucson, another
17 miles out, and the third about 19
miles.

With a view to purchasing a tract
of 20,000 acres of Sonora land for
colonization purposes, T. C. Bennett,
vice president of the Harline National
Bank of Hartline, Washington, C. W.
Ingham and William Kryger, are in
Tucson and will leave this evening
for Hermosillo.

To confer with Major General Carter
at Fort Sam Houston, Brigadier Gen-
eral W. S. Schuyler left Tucson this
morning, setting on orders received
late Wednesday afternoon. He was

Federals and Suffer Penalty as
Prisoners of War

A FINAL REQUEST WHICH WAS GRANTED

Saturday of last week Mr. Ignacio
Bonillas, the well known engineer,
returned from an extended profession-
al visit in the Sahuaripa district of
Sonora, where he was engaged for
several weeks, says the Nogales Oasis.

Mr. Bonillas was in the vicinity of
Sahuaripa at the time of the battle
between the insurrectos, Talamantes,
from Navajon, and the federal forces
from Moctezuma. According to the
account given by Mr. Bonillas there

was some real fighting there, the kill-
ed upon both sides numbering about
eighty, and forty wounded.
The fight occurred upon the twenty-
eighth of January. The insurrectos
took refuge in the church at Sahuari-
pa, which was surrounded by the
federals, who occupied every point of
vantage—rooftops of surrounding
buildings, etc. The insurrectos kept
up a vigorous fire doing great damage
until their ammunition was exhausted.
Then Talamantes emerged from the
church and surrendered. He said
that his rebellion had failed, he ac-
cepted the result and wanted to be
shot immediately, stipulating only
that his two sons be shot first. He
was accommodated. In a very few
minutes all three were dead.

S. Custom Receipts at
Arizona Port

Figures secured from the customs
department at the port of Nogales in-
dicate that the amount of the trade
with Mexico as shown by shipments
arriving into the United States at this
point, is greater now than ever before
in the history of the port. Even with
the present trouble in Mexico the
present trade exceeds that of last year
by several thousand dollars. In Janu-
ary, 1910, the amount of duties col-
lected was \$16,925.95. In February
of this year, they amounted to \$14,-
327.20.

Last year the collections aggregated
\$23,024.52. It is the belief of deputy
collector of customs, Timothy O'Keefe,
that the amount of the present year's
import duties at Nogales will exceed
\$300,000.

FEES FOR MONTH

The fees collected by the territorial
auditor for the filing of articles of
incorporation during February, was
\$2,625.20. The fees collected since
the first of last July have amounted
to \$22,858 which is smaller than it
formerly was when the fees aggregated
nearly \$40,000 annually.

THE SHORTEST
WILL OF
LOCAL RECORD

The will of Colin Cameron, who
died suddenly a few days ago at Tuc-
son, has been filed for probate. The
will is one of the simplest of all local
records. It merely bequeaths "all my
property to my wife and children the
same as if there were no will." No
specific property or sums of money
were mentioned. Mrs. Cameron is
named as executrix without bond.
The will was executed on March 6th,
1889.
